VIII. <u>REPORTS/PRESENTATIONS</u>

A. Director's Reports

Vice Pres. Smith reported he had participated in an informative ride-along with chief operator DeAlba to gain insight into how the system might be operated during an emergency. Director Norton reported he had attended Assemblyman Mark Stone's ceremony to receive California Special District Association's Legislator of the Year award and noted that the host (Monterey Regional Waste Management District) exemplified a special district that is a creative leader in environmental projects.

B. Attorney's Report

Counsel Bosso briefly reported on two items: (1) ACWA filed an *amicus* brief for the Goleta case arguing that the statute is valid regarding Prop 218 notifications to property owners. (2) Regarding Accessory Dwelling Units (ADUs), the wording of SB 1069 legislation could be amended by a Senate Bill. If passed, special districts could not longer require separate connections and charges for existing ADUs. For new ADUs districts could only require prorated connections or charges.

C. Manager's Report: See detailed report in agenda packet. Items highlighted include:

Production:

GM Morris noted production (pumping) continued to be low but was starting to pick up as is typical this time of year. There had been over 32" of rain at Chittenden to date.

Operations:

GM Morris reported the damaged Variable Frequency Drive for the San Juan well was being repaired and on the repairs would have a two-year warranty. The VFD was being shipped back by April 3. The system was operating smoothly using the Pleasant Acres and Carpenteria wells.

Water quality testing had been completed in March for multiple types of constituents and all results were in compliance with regulations.

Warranty work on the Oakridge tank was wrapping up and the tank was back online. The items on the large punch list had been worked on. There was still an issue with the improper construction of the tank's roof causing water ponding along the edge. GM Morris would be working to resolve the issue.

Regarding lead testing at Aromas school, the school had not yet formally requested testing in writing, which is required. The type and age of the school's pipes was not known at this time.

An operator was returning to full duty. Overall the system is operating smoothly.

D. Sustainable Groundwater Planning Report:

AGM Dias gave a brief verbal update that there had been no new developments and it would be at least six months before the Alternative plans could be reviewed after the March 31 comment deadline.

E. Correspondence: The monthly correspondence list was reviewed. In response to Board questions GM Morris provided additional background on three items.

IX. ACTION ITEMS

- A. Presentation and Acceptance of Audited Financial Statements- Fiscal Year 2015-16. District Auditor Robert Smiley, CPA, Armanino, LLP presented the highlights of the audited financials. The Unmodified report found the District's financial position was presented fairly in all material respects. The audit did not identify any material weakness, significant deficiencies or non-compliance issues. The *ad hoc* audit committee of Directors Smith and Holman had previously reviewed the draft audit. Director Norton moved to accept the audit. Motion seconded by Director Dutra. The audit was accepted unanimously with all members present.
- **B.** Receive procedural update on Robert's Rules of Order- District Counsel Bosso highlighted some common rules of order in regards to motions and the timing of public comments and Board discussions. No action taken; informational item only.

- **C. Financials:** Revenue and expenses for February reporting period were \$57,300.44 and \$81,503.06 respectively. Total assets are \$9.01 million. Total liabilities continued to gradually decrease to \$1.888 million making a net equity of \$7.13 million. The expenditures from February 25 to March 22, 2017 totaled \$56,329.91. At eight months into the fiscal year the District is slightly below budget in nearly every category. Water revenue in March and April is difficult to predict. President Leap had previously reviewed the expenditures. Director Dutra moved to accept the financials as presented and Vice Pres. Smith seconded. The financials were accepted unanimously with all directors present.
- **D. Adjourn to Closed Session-** As permitted by Govt. Code Sec. 54956.9, the Board held a closed session to discuss personnel matters Performance Evaluation, General Manager.
- **E. Return to Open Session-** Upon returning to open session Counsel Bosso stated there were no reportable statements or actions by the Board during closed session.
- **F. Consider General Manager Employment Performance Payment Amendment**-After introduction of the item, Director Norton recommended approval per the staff report. Motion seconded by Director Holman. Motion passed unanimously with all directors present.

X. <u>FUTURE MEETINGS & AGENDA ITEMS:</u> The next meeting would be the regularly scheduled meeting of April 25, 2017.

XI. ADJOURNMENT - Pres. Leap adjourned the meeting at 8:57 PM until April 25, 2017.

Aromas Water District

OPERATIONS:

- There are 953 total meters, on 898 parcels
- Loss Production system wide has maintained below 6% for over eighteen+ months
- Carpenteria Well, San Juan Well and Pleasant Acres Well are operational
- Water Treatment Plant- Removing Mn & Fe, results show Mn not detected in finished water
- Distribution testing for total Coliform- all samples Negative
- All Coliform, iron and manganese & monthly DWR reports were filed timely
- Backwashing WTP filters approximately every 6 +/- days, or 1.5 mg, all from Pleasant Acres Well.
- Monthly Generator in house 15 minute testing under load.
- Monthly well-level monitoring (see attached chart)

MAINTENANCE:

- Preventative maintenance as needed, minimal flushing as needed
- Graffiti removal whenever it occurs
- Chlorine chemical pump maintenance & analyzer maintenance at all wells
- AWD continues to offer mulch to the community, located at our Carpenteria site, Cal-Fire began the annual Chipping Program at our Carpenteria site on April 1 through May 15th, new AWD signs were made and posted.
- Warranty repair for Oakridge Tank by MPEøs subcontractor Superior Tank is mostly complete, satisfactory solution to the pooling on tank roof is not yet resolved. An extended warranty was requested.
- VFD at San Juan Well failed during 2/17 storm event; the VFD was shipped out for repair; it was reinstalled on 4/7 and is back in service. The cost to repair and reinstall is \$5,631, this includes a two year warranty. Failure appears to be from power surges, documentation has been requested for an appropriate claim to be initiated.
- The Pleasant Acres Well was taken off line on 3/29 because the water has recently contained large particle gravel pack sand; the concern is this could damage the pump, valves, etc. The pump and motor were removed from the well on 4/13/17 by Salinas Valley Pump. The well is scheduled to be videoed during the week of 4/24. This will determine if there are any holes in the louver screens and what the appropriate repair action will be.
- The Seely Pumping Plant had a major event on 4/17. An 8ö pipe coupler failed, causing major flooding and equipment damage and loss. Pajaro Valley Electric contractors and West Valley Construction responded to restore power, SCADA and pipeline repairs. There is adequate water storage to maintain service to the areas affected by the pump losses. At the time of this writing the repairs are ongoing, further details on costs, cause, insurance claim, etc. are unknown.

STAFF & BOARD RECOGNITION: Mark will help with participating in the May 7th Community Emergency Response Fair that will also feature the county Office of Emergency Services, Red Cross, etc.

GM Morris will be a speaker at the 2017 San Benito County Water Forum on 4/21st in Hollister.

AWDøs drought tolerant demonstration garden will be on the annual Aromas Garden Tour May 13th.

AWD received the annual ACWA ó JPIA Rate Stabilization Fund refund check, an unusually high amount of \$9,711.79, this is based on pooled claims/settlement back to 2004.

SAFETY MEETINGS: 3/15/17 Emergency Response & 4/5/17 Driver Distraction II

DROUGHT & CONSERVATION UPDATE:

Governor Brown declared California in a Drought State of Emergency on Jan. 17th 2014; this drought declaration was rescinded on April 7, 2017 based on the above average rain and snowfall since October 2016.

The rains in water year (10/1/16-9/30/17) have been consistent and significant, recording **35.0** inches at Chittenden Pass through 04/18/2017.

PROJECTS:

1. Shop Building.

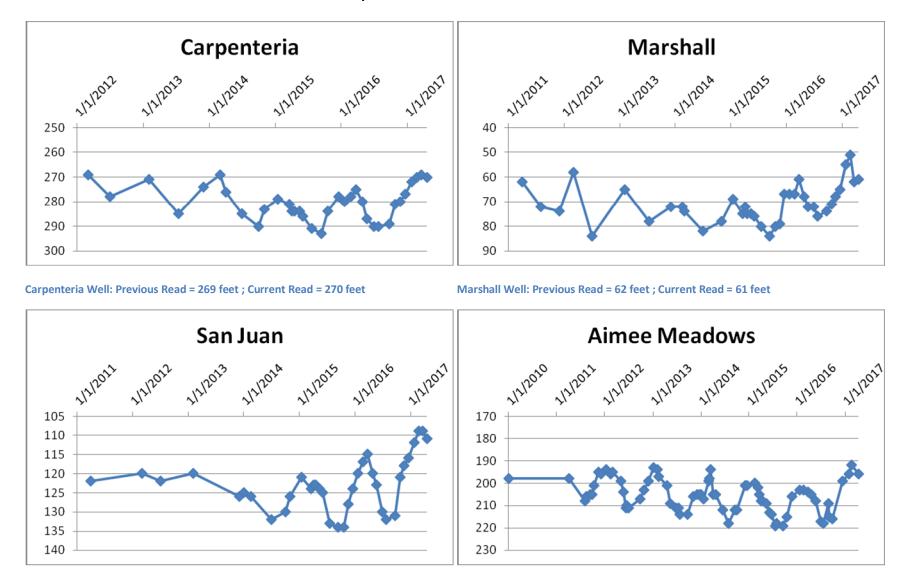

The potential construction of a 30ø x 50østeel shop building at the Marshall site was under consideration in 2016 proved to greatly exceed our budget. Another option is to enlarge the footprint of the Blohm Avenue garage from existing 24øx16ø to a 32øx 23ø new steel building. This would be adequate for secure parking of two trucks, storage mezzanine and work bench areas. AG Dias submitted a plot plan that depicted the septic reserve area to Monterey County Environmental Health; their response was promising. GM Morris met with SSB on 4/18 to discuss the options, and a cost estimate is forthcoming.

2. Ad Hoc GSA committee

Directors Leap and Smith continue to monitor developments around the need to form a GSA in the portion of our District that is located in the Pajaro Valley 3-02 PUMA, outside of PVWMAøs GSA. The filing of the Alternative Plan request to DWR by PVWMA on 12/27/2016 may change the necessity of a GSA formation, the period is closed now for new comments, several pro & con were received. AWD is awaiting DWR's response before any District action. AGM Dias continues discussions with PVWMA and DWR as necessary.
