Minutes of the Regular Meeting of the Board of Directors of the Aromas Water District February 28, 2017

I. <u>CALL TO ORDER:</u>

The regular meeting of the Board of Directors of the Aromas Water District was called to order by President Leap on Tuesday, February 28, 2017 at 7:02 p.m. at the District office located at 388 Blohm Ave, Aromas, California.

II. ROLL CALL:

President Leap, Vice-President Smith, and Directors Holman, Dutra and Norton were all present. Also in attendance were General Counsel Bob Bosso, General Manager Vicki Morris and Asst. General Manager/Board Secretary Mark Dias.

- **III.** PLEDGE OF ALLEGIANCE: President Leap led the pledge of allegiance.
- IV. STATEMENTS OF DISQUALIFICATION: There were no disqualification statements.
- V. <u>ADDITIONS AND DELETIONS:</u> There were no additions or deletions.
- VI. <u>MINUTES:</u> The minutes of the December 21, 2016 and January 24, 2017 Board Meetings were presented for review and approval. There were no comments or corrections. Vice Pres. Smith moved for approval of the December minutes and Director Holman seconded. With Director Norton abstaining the December Minutes were approved by all remaining directors. Director Norton moved for approval of the January minutes and Vice Pres. Smith seconded. Minutes were approved unanimously.
- VII. ORAL COMMUNICATION: There were no public comments.

VIII. REPORTS/PRESENTATIONS

A. Director's Reports

Vice Pres. Smith complimented District staff on their response to the power outages Feb 17-19. Director Norton noted that staff outreach via NextDoor Aromas during the power outage was helpful to educate the public. He also appreciated the new weather station to track weather events. Directors Leap, Norton and Smith had completed their harassment prevention trainings.

B. Attorney's Report

Counsel Bosso briefly reported on two items: (1) the State Supreme court cases regarding various Proposition 218 cases have been briefed but not yet argued. There are no mandatory timelines to argue the cases. Once argued decisions are typically issued within 90 days. (2) Regarding Accessory Dwelling Units (ADUs), the wording of SB 1069 legislation was creating confusion. While Counties and cities cannot require separate connections and charges, this does not apply to special districts due to differences in how these entities are funded.

C. Manager's Report: See detailed report in agenda packet. Items highlighted include:

Production:

GM Morris noted production was at the lowest it has ever been with the current number of customers. Rainfall to date in the region was already much higher than the average yearly total.

Operations:

GM Morris noted staff responded admirably during the power outages of Feb 17-19. The generator at Carpenteria was successfully used to maintain tank levels in the majority of the pressure zones. No customers were without water. Staff met the following week and identified several improvements. Carr and Oakridge boosters would be retrofitted to connect to a portable generator that the District will purchase. An electrician has been consulted to match the transfer switches and generator to the pump sizes. Also a standby generator (natural gas) is recommended for the office building so it can operate as a full response center during an outage/emergency. In the event of a major incident a rental generator would be secured for the San Juan site. Other improvements included bringing new staff up to speed on response procedures and learning system hydraulics to understand how some customers in six pressure zones may be impacted during an extended outage.

The intermittent power outages during the storm damaged the Variable Frequency Drive on the San Juan well. The VFD was removed for evaluation and repair -- or replacement -- given its 8 years of service. The VFD will would be out of service for up to 6-10 weeks. The system can operate smoothly using the Pleasant Acres and Carpenteria wells.

Work on the warranty repairs at the Oakridge tank is scheduled for the next week. Truck access to haul in the temporary tank was a potential issue under investigation.

Water levels in most wells were at their highest in several years.

Projects

- Shop Building. AGM Dias said he was preparing detailed plot plans for presentation to County Environmental Health.
- Water main relocation at Rocks Road Bridge (near Rancho Larios). AGM Dias reiterated the items in the staff report regarding County funding and bridge design.

D. Sustainable Groundwater Planning Report:

GM Morris and AGM Dias gave brief updates. The State had extended the comment from 60 to 90 days. PVWMA staff had said that the State indicated it would be at least six months before the Alternative plans could be reviewed. To date only two comments had been submitted on PVWMA's Alternative. Federal and State fishery agencies had concerns regarding quantifying surface water impacts from groundwater pumping. Counsel Bosso noted that State Fish and Game had filed legal arguments elsewhere that the "public trust doctrine" for surface water should be extended to apply to groundwater pumping.

E. Correspondence: The monthly correspondence list was reviewed. In response to Board questions GM Morris provided background on three items.

IX. ACTION ITEMS

- A. Consider request for annexation and water service at APN 127-192-002, 1179 Via Del Sol. GM Morris presented the information in the staff report. The requester was not in attendance. No public members in support or opposition were present. The Board reviewed the District's Sphere of Influence and the history of annexations in the for Oakridge/Via Del Sol areas, and discussed the pros/cons of piecemeal annexation of single parcels. It was not known if the existing well could be repaired and if a public health issue existed. Director Norton moved to deny the request. The motion was seconded by Director Dutra. The motion passed unanimously with all directors present.
- **B.** Financials: Revenue and expenses for January reporting period were \$59,585.44 and \$73,984.23 respectively. Total assets are \$8.97 million. Total liabilities were similar to last year at \$1.91 million making a net equity of \$7.06 million. The expenditures from January 14 to February 24, 2017 totaled \$73,631.65. President Leap had previously reviewed the expenditures. GM Morris noted that the budget was in line with the modified budget adopted in January. Director Norton moved to accept the financials as presented and Vice Pres. Smith seconded. The financials were accepted unanimously with all directors present.

X. <u>FUTURE MEETINGS & AGENDA ITEMS:</u>

President Leap requested the formation of an ad hoc committee to discuss succession planning. Director Norton volunteered. He and Pres. Leap would set a first meeting. Also the ad hoc Audit Committee would be meeting April 7, 2017.

XI. ADJOURNMENT - Pres. Leap adjourned the meeting at 8:19 PM until March 28, 2017.

OPERATIONS:

- There are 953 total meters, on 898 parcels
- Loss Production system wide has maintained below 6% for over eighteen+ months
- Carpenteria Well, San Juan Well and Pleasant Acres Well are operational
- Water Treatment Plant- Removing Mn & Fe, results show Mn not detected in finished water
- Extensive water quality testing for all three well sources has resulted in excellent *non-detect* lab results for MTBEs, Volatile Organic Compounds, Synthetic Organic Compounds (reduced list of insecticides & herbicides), Perchlorate and Radium 226 & 228
- Distribution testing for total Coliform- all samples Negative
- All Coliform, iron and manganese & monthly DWR reports were filed timely
- Backwashing WTP filters approximately every 6 +/- days, or 1.5 mg, all from Pleasant Acres Well.
- Monthly Generator in house 15 minute testing under load.
- Storm event and subsequent wide range power outage from 2/17 through 2/20/17 was handled well by staff. The Carpenteria generator was used for power to the well and boosters, all tanks were kept full, there were no main breaks. No homes were out of water.
- Monthly well-level monitoring (see attached chart)

MAINTENANCE:

- Preventative maintenance as needed, minimal flushing as needed
- Graffiti removal whenever it occurs
- Chlorine chemical pump maintenance & analyzer maintenance at all wells
- AWD continues to offer mulch to the community, located at our Carpenteria site, Cal-Fire also is using our site to provide sand for filling sandbags if needed, by community. Cal-Fire will begin the annual Chipping Program at our Carpenteria site on April 1 through May 15th.
- Warranty repair for Oakridge Tank by MPEøs subcontractor Superior Tank began scheduled work on 3/13/17 through 3/17/17; a 10,000 gallon potable water temporary tank was utilized while the Oakridge Tank was taken out of service and repairs made between. No customers were out of water. Tank refilled, cleared bacteriological testing and back in service on 3/22.
- VFD at San Juan Well failed during 2/17 storm event; the VFD was shipped out for repair, it is due back by 3/31, approximate cost is \$6,000 & includes a two year warranty. Failure appears to be from power surges, an appropriate claim will be initiated.

STAFF & BOARD RECOGNITION: AGM Dias met with an Aromas community group on 3/3 and again on 3/14 to share the AWD¢s role in emergency response. Mark will help with planning and a table/booth for a May 7th Community Emergency Response Fair that will also feature the county Office of Emergency Services, Red Cross, etc.

AGM Dias took his Distribution I certification exam on 3/18/17

AWD¢s drought tolerant demonstration garden will be on the annual Aromas Garden Tour May 13th.

SAFETY MEETINGS: 2/15/17 Incident Reporting & 3/15/17 Emergency Response

Emergency Response recap meeting on 2/22/17 & 3/15/17 identified a number of areas to enhance for better response in the future. Staff reviewed updated response plan. An in-office, 200watt power supply, phone chargers and catalytic propane space heater were purchased for the office. A meeting is planned with electrician and generator dealer to estimate costs of portable generator for Carr and Oakridge Booster and permanent generator for office.

DROUGHT & CONSERVATION UPDATE:

Governor Brown declared California in a Drought State of Emergency on Jan. 17th 2014; this status has recently been extended through the end of September 2017.

The Annual Water Conservation Report to the State was filed on 12/7/16, with a voluntary reduction in use of 29% over the same period in 2013.

San Benito County Water Forum presents on 4/21/2017, local leaders to discuss current issues of the County at San Juan Oaks

The rains in water year (10/1/16-9/30/17) have been significant, recording **31.60** inches at Chittenden Pass through 03/21/2017.

PROJECTS:

1. Shop Building.

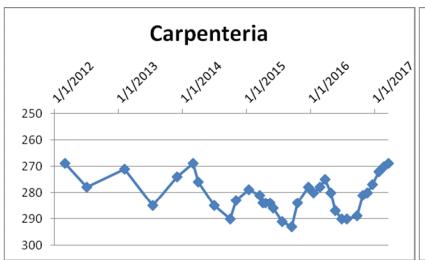

The potential construction of a 30ø x 50østeel shop building at the Marshall site was under consideration in 2016. Investigations found that requirements from the Planning Dept, Fire Department and a septic system greatly exceeded the initial budget of \$200,000. AGM Dias is researching another option, to enlarge the footprint of the Blohm Avenue garage from existing 24øx16ø to a 32øx 22ø new steel building. This would be adequate for secure parking of two trucks, storage mezzanine and work bench areas. AG Dias has been developing a plot plan to present to Monterey County Environmental Health in April. The goal is to show that adequate septic repair area would still be available in the demonstration garden area.

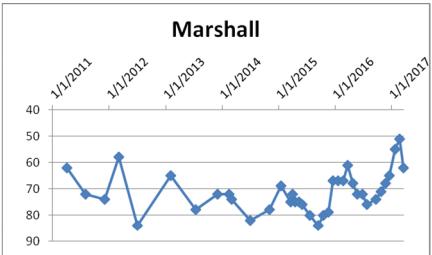

2. Ad Hoc GSA committee

Directors Leap and Smith continue to monitor developments around the need to form a GSA in the portion of our District that is located in the Pajaro Valley 3-02 PUMA, outside of PVWMA¢s GSA. The filing of the Alternative Plan request to DWR by PVWMA on 12/27/2016 may change the necessity of a GSA formation. AWD is awaiting DWR's response before any District action. AGM Dias continues discussions with PVWMA and DWR as necessary.

AROMAS WATER DISTRICT

Staff Report

To: Board of Directors

RE: Item IX A: Presentation of Audited Financial Statements for the fiscal

year 2015-2016

Date: 03/16/2017

History:

The Board of Directors is charged with the fiduciary responsibility to oversee and protect the assets of the District. The District is under contract with Armanino, LLP (formerly Berger Lewis Accountancy) for the legally required annual auditing of the financial records of the District. These annual Financial Statements are the relied upon source of information detailing the financial condition of the District. They are utilized by our creditors, bond holders, and our state and county regulators.

The fiscal year 2015-2016 is the twelve month period from 7/1/2015 to 6/30/2016; this is the time frame currently under review.

The Audit Committee included Vice-President Smith and Director Holman, Mr. Smiley AGM Dias and GM Morris; we met on March 7, 2017 for an in-depth review of these Statements.

Current Proposal:

Review and discuss the presentation made by our Auditor, Robert Smiley, CPA, of the Armanino, LLP firm to the Audit Committee. This years Financials includes the final Single Audit for the Oakridge Assessment District. See separate attachment to your packet of the Draft Financials, Final copy will be presented at the board meeting.

Recommendation:

Accept the Financial Statements as presented.

RE: Item IX B: Refresher Notes on Robert's Rules of Order

Date: 03/16/2017

History:

The Board of Directors conducts all board meetings using the standards for business meetings called the Robertos Rules of Order.

Current Proposal:

By recent request from Board of Directors for a refresher course, Bob Bosso will lead a short presentation on the rules, agenda items, public input, motions and seconds, board discussion and voting.

Recommendation:

No action required by board.

Staff Report

To: Board of Directors

RE: Item IX F: Consider General Manager Employment Performance

Payment Amendment

Date: 03/16/2017

History:

GM Morris recently had her 24th anniversary with AWD; she is planning for retirement within the year.

Current Proposal:

General Manager has requested, upon review of performance and accomplishments, a reduction from five to four days per week for the next five months. She has agreed to remain on-call as needed by staff and operations. She requests the same current rate of pay for the remainder of her tenure. She will forego any request for salary increase at the next budget cycle on 7/1/2017.

Recommendation:

Discussion and action required by board.
